

# Gaming and Vending Certification

## ETA® International Gaming and Vending Technician (GVT) Certification Program:

Gaming and Vending Technicians (GVT) install, repair, service, or calibrate gaming and vending type equipment such as arcade games, slot machines, and/or vending machines. \*

The certified Gaming and Vending Technician (GVT) will be required to properly perform and have knowledge of the following:

- Money Handling
- Basic Electronics Concepts
- Computer Hardware, Networking and Display Technologies
- Safety Precautions and Protection
- Electrical Safety
- Electrical Fundamentals

The Gaming industry is one of the fastest growing industries in the service sector. According to the United States Bureau of Labor Statistics, over the next seven years the employment growth rate is expected to be 7-13% for coin, vending, and amusement machine servicers and repairers.

\* *The ETA GVT certification is a standalone certification and must be maintained every 4 years.*

About ETA® International –

Founded in 1978, the Electronics Technicians Association International is a not-for-profit, professional association promoting excellence in electronics technologies through certifications. The association's initiatives are to provide a prominent certification program of competency criteria and testing benchmarks that steer international electronic standards and renowned professional electronics credentials. Today, ETA has issued over 115,000 technical certifications covering more than 70 certification programs in a variety of electronics fields. The association consists of over 5,000 members, 625 Subject Matter Experts (SME's) serving on various Industry Advisory Committees, and 1,010 Exam/Certification Administrators (CA's).
