ETA® INTERNATIONAL

PRESS RELEASE

ETA Honored by Department of Defense for Extraordinary Support of Employees Serving in the Indiana National Guard and Reserve

Trained to respond to their community and their country in times of need, ETA International® believes the men and women of the Guard and Reserve deserve the support of their employers.

Greencastle, May 14, 2014 - Indiana Employer Support of the Guard and Reserve (ESGR), a Department of Defense agency, announced recently that Teresa Maher, CSS, President of ETA® International was honored with a Statement of Support in recognition of extraordinary support of its employee serving in the Indiana Guard and Reserve.

"As an employer, you are vital to enabling your employees who are members of the National Guard and Reserve to serve their country," said Stephen L. Lynch, Indiana State Chair ESGR. "Moreover, your active support and encouragement are imperative to their success."

The Statement of Support was presented to Maher and the ETA staff by Indiana ESGR Volunteer John Tillet.

"ETA is a close-knit association and we offer our support and encouragement to one of our own, Jesse Barton, who recently joined the National Guard. Upon completion of his training, he will serve our country as a military police officer," said Maher.

The National Guard and Reserve are essential to the strength of our nation and the well-being of our communities. These patriotic men and women serve voluntarily in an honorable and vital profession. They train to respond to their community and their country in times of need and they deserve the support of every segment of our society.

ETA represents and supports electronics professionals with over 80 industry recognized certifications within the field of electronics. All ETA certifications align with international standards and qualify for reimbursement under the Montgomery GI and Post 911 Bills. An ETA certification confirms the

technical knowledge and skills necessary to be successful in today's electronics industry. ETA certifications are set apart by vendor-neutral third party assessments developed by industry experts that test both knowledge and hands-on skills. To learn more about ETA and its certification programs, visit the website at www.eta-i.org.

About Employer Support of the Guard and Reserve: A Department of Defense agency established in 1972, Employer Support of the Guard and Reserve develops and maintains employer support for Guard and Reserve service. ESGR advocates relevant initiatives, recognizes outstanding support, increases awareness of applicable laws, and resolves conflict between service members and employers. Paramount to ESGR's mission is encouraging employment of Guardsmen and Reservists who bring integrity, global perspective and proven leadership to the civilian workforce. For more information about ESGR Outreach Programs, or ESGR volunteer opportunities, please call 317-247-3300 or visit www.inesgr.org.

About ETA International: Founded in 1978, Electronics Technicians Association® (ETA) International is a not-for-profit, professional association promoting excellence in electronics technologies through certifications. Today, ETA has issued over 115,000 technical certifications covering more than 80 certification programs in a variety of electronics fields. All ETA certifications are accredited through the International Certification Accreditation Council (ICAC) and align with the ISO-17024 standard. For more information, visit www.eta-i.org.
