**ETA<sup>®</sup> INTERNATIONAL**

## PRESS RELEASE

### **Electronics and Communications Professionals Encouraged to Speak**

*ETA International is looking for dynamic speakers with great stories and insights about what's new and relevant in the world of communications technology. ETA's annual Education Forum has opportunities for people passionate about wireless communications and the electronics industry to be guest speakers in Las Vegas.*

**Greencastle, July 14, 2016:** Electronics Technicians Association<sup>®</sup>, International (ETA) invites electronics and communications professionals to submit a proposal for session presentation at Education Forum 2017 (EF17). Speak to a diverse group of attentive industry professionals, including government/military; public safety (law enforcement, fire service, emergency medical & 911); utility; transportation and business enterprise.

Co-locating with Penton's International Wireless Communications Expo (IWCE) March 27-31, 2017 at the Las Vegas Convention Center, EF17@IWCE brings together over 7,000 industry professionals in the communications technology industry. The EF17@IWCE conference program hosts industry training together with related ETA certification.

In addition to offering training courses at IWCE, ETA will host short courses as part of IWCE's robust conference program. Industry gurus with timely and relevant ideas wanting to share future-thinking insights, research, trends and educational topics that are driving the communications technology industry are encouraged to submit session topic proposals.

Benefits of presenting a session at EF17@IWCE include free admission to the show with access to all workshops and short courses, professional exposure - speak before hundreds of industry peers, extensive publicity - the IWCE conference promotes each presentation to its attendees through a vast promotional campaign, an opportunity to contribute to ETA's bi-monthly publication *High Tech News*, and a great chance to network with peers and to view the latest products.

The EF17@IWCE audience topics of interest include: Communications – including: B-VoIP, Satellite, Small Cells and DAS, Telecommunications, Wireless Communications, Passive Intermodulation Testing, Land Mobile Radio, Next-Generation Networks, Public Safety Topics and more; Fiber Optics and Data Cabling; Basic Electronics; Workforce Development and Business Management.

To review the guidelines and submit your proposal(s), visit <https://www.eta->

[i.org/education\\_forum\\_call\\_for\\_presentations\\_form.html](http://www.eta-i.org/education_forum_call_for_presentations_form.html). The deadline to submit is August 31, 2016. Please contact Michele Lawson at ETA for more information.

**About ETA** - Since 1978, ETA has issued over 150,000 professional certifications. Widely recognized and frequently used in worker job selection, hiring processes, pay increases, and advancements, ETA certifications are often required as companies bid on contracts. ETA's certifications are personal and travel with the individual, regardless of employment or status change and measure competencies of persons, not products or vendors. All ETA certifications are accredited through the International Certification Accreditation Council (ICAC) and align with the ISO-17024 standard. [www.eta-i.org](http://www.eta-i.org)

**About International Wireless Communications Expo (IWCE)** - Since 1977, the International Wireless Communications Expo (IWCE) has been the authoritative annual event for communications technology professionals. IWCE features over 370 exhibitors showcasing the latest products and trends in the industry. Over 7,000 individuals attend from a diverse group of industry professionals including government/military, public safety, utility, transportation and business enterprise. IWCE 2016 will be held March 21-25, 2016 at the Las Vegas Convention Center in Las Vegas, NV. For more information, visit [www.iwceexpo.com](http://www.iwceexpo.com).
