EVERY DREAM HAS A JOURNEY

EVERY CAREER HAS A PATH

WE CAN HELP YOU ON YOUR WAY

MARINE CORPS SCHOLARSHIP FOUNDATION
Honoring Marines by Educating Their Children™
Our Mission
Honor Marines by Educating Their Children

Marines make legendary sacrifices. Sending their children to school shouldn’t be one of them.

That’s why at the Marine Corps Scholarship Foundation we’ve been honoring Marines by educating their children for more than half a century.

In the last 14 years of war, America’s troops have made unprecedented sacrifices. And while there are many ways to honor our nation’s heroes, there is no organization closer to the intersection of real need and lasting impact than the Marine Corps Scholarship Foundation.

Career and Technical Education

We’re committed to supporting all Marine children in pursuit of their educational goals and these days there’s no more versatile educational path than Career and Technical Education (CTE). What many used to think of purely as vocational training has evolved into a dynamic career field with options as varied as the students who enroll in them. From health sciences to finance, information technology to manufacturing; CTE professionals are on the cutting edge of today’s most hands-on careers and making an immediate impact on our nation’s work force.

This scholarship is for students planning to attend a non-degree certificate program that is less than 12 months at an accredited community college or private career school.

Students pursuing non-degree certificate programs that are longer than 12 months should check eligibility and apply for one of our undergraduate and associate degree scholarships by visiting us online.
CTE Timeline

The following timeline provides general application submission information:

WEEK 1 & 2
Complete and submit an application

WEEK 3
Application reviewed and processed

WEEK 4
Award notification sent

WEEK 5
Post-award process and payment of scholarship to school

CTE professionals are on the **cutting edge** of today’s most hands-on careers and making an **immediate impact** on our nation’s work force.
At a young age, my father taught me the importance of discipline, respect, and leadership. He also taught me that your success is never measured by the degree you receive — success is measured by the impact you make. Today, thanks to the help of the Marine Corps Scholarship Foundation, I’m following that advice, and pursuing my dreams in culinary arts.
